

# References

Though I have drawn on many sources, four books, each unique in its field, have provided the greatest inspiration. I have given the date of publication of the first, English edition in each case.

<u>title</u>	<u>authors</u>	<u>date</u>
<i>Mathematical Snapshots</i>	H. Steinhaus	1950
<i>Geometry and the Imagination</i>	D. Hilbert, S. Cohn-Vossen	1952
<i>A Book of Curves</i>	E. H. Lockwood	1961
<i>New Horizons in Geometry</i>	T. M. Apostol, M. A. Mnatsakanian	2012
